THE CARE YOUR SKIN DESERVES

You will be delighted with Australia's most sophisticated skin care.

alizé is the result of more than 20 years of research and development into the effect the ecology and climatic environment has on the skin and how complex plant extracts can be used to counter the stress from environmental and biological hazards that result in sensitivity and premature aging.

Australia has one of the harshest environments for skin damage and sensitivity.

The combination of hi ultra violet levels, dehydration and Australia's vegetation, creates a unique ecology that produces some of the highest incidents of skin sensitivity and premature aging, together with skin cancer and asthmatic problems, found in the World.

alizé recognises that you require skin care products that are specifically formulated to help counter those conditions; so as to assist in prolonging the youthful appearance of your skin.

alizé uses complex phytobiological plant and marine extracts that are the basis of the most sophisticated and advanced cosmetic and pharmaceutical formulations.

alizé uses a unique multifaceted approach, incorporating the pharmaceutical principles of synergy with sophisticated plant extracts. A comprehensive range of treatment products was created to give you, "the care your skin deserves"

alizé provides a total skin care regime for all skin types, we ask that you try it and see f or your self.

alizé; our aim is to provide you with
